

YesGo Is Now In Mumbai

The Wait Is Finally Over!

Mumbai – The City of Dreams in India brightens up with unique yellow of Joy as YesGo- Asia's Premier Institute for Complete Practical Packaging Premedia & Prepress Training with Esko Software, based in Chennai India - inaugurates its branch in Mumbai on 24th October 2020.

Aspirants and Entrepreneurs in and around Mumbai and Maharashtra region in India are now going to avail Training & Trained Manpower at YesGo in their proximity.

Chief Guest Mr. Iqbal Kherodawala - President Bombay Masters Printers Association and Guest of Honors Mr. Amit Shah – Secretary – Bombay Masters Printers Association as well as Mr. Tushar Dhote -President Mumbai Mudrak Sangh are going to inaugurate the much awaited and Unique YesGo Mumbai amidst confluence of top industry veterans– Mr. Sanjay Patel – MD Param Packaging; Mr. Satish Malhotra – Managing Partner Swan Press; Mr. Nitin Patel – MD Numex Blocks; Mr. Moses Mallick – Dy Director IIP Mumbai; Mr. Srihari Rao – Global Head Printing Tech - Essel Propack; Mr. Arnab Maiti – General Manager Esko; Mr. Sethunath – MD Asia Pacific Reproflex 3.

Since its inception in 2018 in Chennai, YesGo has been receiving enquiries across the globe for classroom training at their proximity. Since most of them are not able to attend online classes or travel to Chennai to attend classroom training, YesGo commenced its Global Expansion Spree to establish YesGo Training centre at every major location in and outside India. **After successfully launching branches at Delhi and Bangalore, YesGo Mumbai is 3rd Branch of YesGo to meet the needs of the aspirants at their proximity.**

The Call of YesGo -“If You Can't Reach Us- We Will Reach You!”

YesGo Is The Only Official Institute In Asia for Esko Software Training.

Course at YesGo comprises of 3 Levels– **Level I, Level II & Expert Level- From Packaging Basics to Advance Level Training** along with Industry Visits for more practical exposure.

Training Modes are Online, Classroom and Onsite based on the comfort of learners- both corporate as well as Individual with 100 percent placement assurance. YesGo Mumbai will address training and placement requirements for Maharashtra region along with entire Western Zone.

Undeterred by the economic slowdown, the very confident Mr. Nizamappas Founder

YesGo said- "Packaging is future! Our purpose is to broaden and enlighten the significance and importance of Packaging and its Broad Career Prospects among the young generation as well as entrepreneurs. We endow each aspirant with constantly evolving and upgrading industry's skills and help the industry get equipped with highly skilled manpower and be productive and growing with constantly changing trends. Our vision and mission are to be a growth partner for aspirants as well as employers and bridge the demand and supply gap of skilled manpower in the Packaging and Print Industry."

He further added- "We have started with Esko in our curriculum and we are planning to induct all other major high-end packaging and prepress software to add more variance to our courses and offer more skilled workforce to the industry."

YesGo is a boon for the aspirants who aspire for career in packaging and struggles to get trained in advanced packaging solutions but not able to invest long hours to study in traditional Institutes or those who have crossed age limit or fail to match required qualifications criteria to learn packaging.

The best part of learning at YesGo is that it imparts training in advanced packaging applications in incredible short duration with maximum practical exposure. Its curriculum always gets upgraded with induction of latest and advanced applications and software to generate highly efficient talent pool to meet ever changing needs of the Industry.

And the only eligibility to learn at YesGo is your passion for packaging.

Within a short span of 2 years Since its inception,

YesGo has gained Trust in the industry.

YesGo has trained more than 50 persons globally.

YesGo has placed more than 120 people in top global companies.

YesGo has influenced investment in high end software by medium level enterprises by making available skilled manpower in the industry.

Why YesGo Started?

Packaging industry is witnessing tremendous growth worldwide and Technologically Sound Manpower is essential to sustain and maintain rapid technological and digital upgradation of the industry. The phenomenon has escalated the need for trained manpower as well as manpower training in and high-end software pertinent to the growing industry trends in print and packaging. Moreover, lack of skilled manpower is the more prominent concern which stops medium level enterprises investing in high end software!

Recognizing the growing concern of the industry, YesGo – A vision- was crafted to impart exposure and expertise in advanced prepress applications to the printing and packaging aspirants in short duration at their own comfort and upgrade them as an asset for the industry.
